2013

投資建設，無塵車間，
生產高標準油封。

Invested clean workshop
construction, to produce high
standard oil seal.

2009

產品型號開發2000多種，
購入多臺先進的真空碾磨機，
修邊機及檢測設備

More than 2000 kinds of product model
developed, purchased advanced vacuum
trimming and test machine.

2011

再次購入多臺生產設備，
并與重汽合作，生產高
品質汽車油封。

Purchased more production equipment,
cooperated with heavy truck to
produce high-quality auto oil seal.

2014

一汽、三一重工合作，
通過ISO9001質量體系認證

Cooperated with FAW, Sany Heavy
Industry, passed ISO9001 quality
system certification.

2012

與山東臨工合作，
公司成立國際貿易部，
拓展海外市場

Cooperated with SDLG (Shandong part),
Set up international trading department to
expand oversea market.

2015

與臺灣泓環公司合作，
技術引入無塵車間使用

Cooperated with Hongring company,
implemented their technology in the
clean workshop.

2016

蘇伯特油封製造有限公司被東
風農機指定農機橡膠合作配套
專業廠。

SBT was appointed as the
professional factory by DFAM
company.

2017 year

蘇伯特與泓環合作的工廠開工建設，占

be leading the trend of world.

SBT specialized in industrial oil seal Design and manufacturing

Global market mainly includes in industrial machinery, manufacturing industries, mining, agricultural and construction machinery, engineering machinery, metal processing, automobiles, motorcycles, water pumps, gas damping machinery, metallurgy, food processing, oceaning, pharmacy, petroleum, chemical fields etc.

蘇伯特主要提供工業油封設計與製造

在全球市場主要包括在工業機械及製造行業，採礦業、農機及建築機械、工程機械、金屬加工、汽車、摩托車、水泵、氣體減震機構、冶金、食品加工、海洋工程、制藥、石油、化工等領域。

SBT's productivity symbolized:

Highest quality, competitive price and shortest delivery time.

蘇伯特的生產力象徵着：

最高質量擁有競爭力的價格和最短的交付時間。
密封技術不僅僅是一個獨立的技术

Basic technology:

To make high-end products, to meet the high-end industrial design and technology requirement on the market.

SBT has been focused on the latest elastomers, high performance plastics, production technology and chemistry, tribology.

基礎技術：

為了做出更高端的产品，
為了符合更高端工業設計和市場上高科技的應用。
蘇伯特一直專注于最新的彈性體，高性能塑料，生產技術以及化學、摩擦學。

SBT Quality Customers:

蘇伯特產品優質客戶：

CONTINUOUSLY IMPROVEMENT PROCESS-ORIENTED PRODUCTION

In oil seal industry, the first principle whether manufacturers can be the leader is "the stability of production process". Based on fully awareness of oil seal characteristics and exquisite control of each procedure, SBT can achieve a stable process with no question.

Meanwhile, the adjustability of both company's administrative system and manufacturing equipment ensure SBT to produce in the most economical condition regardless of large or small quantities. Pass KPI evaluation - whether delivered in time and product reject rate estimation, is the goal of continuous improvement, then to make sure maximum capacity and minimum production costs.

Furthermore, SBT's continuous quality improvement program is the best reference platform for newest equipment purchasing and production procedure enhancement. Therefore, SBT has received good reputation on effective production.

持續改善品質 生產流程化

在油封工業裏，油封製造者是否能成為同業裏的領導者最高原則便是制作過程的穩定性。由於SBT公司對油封特性充分了解並且能縝密觀察監控每個制作步驟，絕對能達到制作的穩定性。

同時，公司的行政管理系統及制造設備儀器的可調整性更提供SBT油封不管在大批量及小批量之產能上都以最節省成本之考量下進行生產。通過KPI考核——例如是否準時出貨及產品不良率估算值是公司一直持續改善的目標，進而確保發揮產能最大備及最低生產成本的準則。

另外，SBT油封的品質持續改善計劃也是公司在採購最新設備及提升生產工法的最佳參考平臺。也因此SBT公司成為擁有最具生產效能美譽的公司。

Continuous control To improve the indicators

持續管控改善指標

Make SBT different

Each product, each process, we can trace its material supplier, operator, until its storage, 100% qualified.

SBT oil seal always adhere to the strict and accurate quality control and production process, introduced a widely recognized quality products. This make us proud and at the same time the key to our rapid expansion.

讓蘇伯特與眾不同

每一瓶產品的每一個程序，質量追蹤平臺控制質量過程監管，可追溯每一瓶產品的原材料供應商操作人直至合格入庫，100%目標合格。

蘇伯特密封始終堅持實行嚴格準確的質量控制和生產過程，不斷推出廣受認可的優質產品。這點使我們深感自豪，同時也是我們得以迅速擴張的關鍵所在。
